## Stirrers and Shakers

6-29

- Magnetic stirrers
- Orbital shakers
- Rotatory shakers
- Shakers for tubes
- Homogenizers

## Food and feed line

30-37

- Kjendhal steam distillation units
- Extractor for the quantitative separation of fats
- Extractor for raw fiber

## Environment line

38-47

- B.O.D. determination
- C.O.D. determination
- Jar Test/Leaching Test
- Mineralization groups
- Radiation detector and Turbidimeter

## Safety cabinets

48-57

- Safety cabinets for acids and lyes
- Safety cabinets for inflammable products
- Safety cabinets for chemicals/gas

## Autoclaves

58-59

- Electromechanic autoclaves
- Electronic autoclaves

## Balances

60-63

- Analytical balances
- Electronic balances
- Mechanical balances

## Baths

64-71

- Thermostatic baths
- Shaking thermostatic baths
- Refrigerated circulator
- Bath-circulator

## Molecular Biology

72-91

- Heating/cooling dry baths
- Thermalcycler
- Thermomixer
- PCR cabinet
- Electrophoresis units
- Gels documentation systems
- MasterPure complet DNA/RNA purification kit

## Laminar flow cabinets

92-95

- Horizontal flow laminar cabinets
- Vertical flow laminar cabinets
- Microbiological safety cabinet

## Filtration and extraction cabinets

96-101

- (Mobile cabinet) for horizontal filtration
- (Mobile cabinet) for vertical filtration
- Fume hoods

## Centrifuges

102-105

- Centrifuge for microtubes
- Economy Centrifuge
- Universal Centrifuges

## Freezers

106-107

- Ultra-low -82° C temperature
- Ultra-low -35°C temperature
- Freezer cabinets

## Cell and colony counters

108-109

- Colony counters
- Differential counters

## Water purification equipments

110-115

- Deionizers-water demineralizers
- Reverse osmosis
- Ultrapure water systems
- UV-UF-TOC

## Liquid Handling

116-123

- Pipette controller Faspette
- Digital burette
- Bottle top Dispenser
- Pipettes

## spectrophotometres

124-127

- VIS-Spectrophotometer
- UV-VIS Spectrophotometer
- UV-VIS SCANNING Spectrophotometer

## Ovens-Incubators

128-135

- Incubators
- Convection and Forced, Air, Ovens
- CO<sub>2</sub> incubators
- Refrigerated incubators

## Racks

136-141

- Aluminium racks
- Cardboard boxes
- Plastic racks
- Freezer inventory Systems
- File cabinets for tubes and vials

## Histology

142-165

- Slide and blocks storage cabinets
- Tissue flotation bath
- Paraffin Embedding Systems
- Ready to use reagents and kits
- Staining material
- Instruments and accessories
- Autopsy saw
- Equipments

## Microscopes

166-183

- Biological microscopes
- Digital microscopes
- Metalographic microscope
- Stereo-microscopes
- Accessories

## Laboratory furniture

184-187

- Laboratory furniture
- Laboratory fittings
- Laboratory chairs

## pH-meters-hot plates

188-190

- pH-meters and hot plates
- pH-meters
- Heating plates
- Infrared heaters

## Refractometers-Polarimeters

191-197

- Abbe refractometers
- Digital hand-held refractometers
- Refractometers-manual
- Viscometers

## Plastic-Glass-Various

198-217

- Cells for spectrophotometers
- Plastic and glass material
- UV lamps
- Tips, tubes and microtubes
- Clocks and thermometers
