## Laboratory Equipment and Supplies

Established in 1992, **medline** specialises in the supply of cost effective, high quality laboratory and medical products including both consumable items and capital equipment.

The company has a broad customer base that includes major national and international distributors, universities, hospital trusts, independent laboratory groups, schools and manufacturing industries.

Our primary warehouse is based in Chalgrove, Oxfordshire from where we offer over 5000 carefully selected and proven products. In early 2005 we opened our european service and distribution centre in northern France. All products are chosen on the basis of known quality, reliability and value and are CE marked.

**The company operates a Quality System approved to ISO9001:2000**
